Comments from Committee

Mr. Conda thanked Township employees at the municipal building as well as Public Works, the Fire and Police departments have gone above and beyond during this ordeal. It's because of their work and ability to adapt that services have largely continued without a hiccup. That is a testament to the talent and dedication of everyone who works for the Township.

Mrs. Kravil also thanked staff and professionals. Also thanked our residents for their cooperation. I want everyone to stay safe and healthy.

Mr. McGill also thanked Township employees. They are doing a fantastic job. Also social distancing is working so please stay home if you don't have to go out. Keep Committeeman Conda in your thoughts as well as anyone else that have tested positive for COVID19. We are behind you.

Mr. Segrest also thanked staff, police, fire and medical staff. He also thanked the residents as well. People are really doing the right thing staying away from the parks.

Mayor Horner also thanked the employees for coming in, doing their jobs and keeping the town moving forward. He also thanked the residents for doing their part in keeping with the social distancing as well as stepping up and helping all of those in our town and surrounding areas whether it's delivering food, shopping for others, supplying PPE. It's a testament to how this town continually rallies around each other. I want to thank Committeeman McGill in working with Palmyra in putting together the Pop Up Pantry for our senior residents' tomorrow. I want to thank the Economic Development Committee, in particular Mr. Minton who continues to drive these projects home, moving them forward. This not only benefits the residents in the short term but in the long term as well.
